Documnet Number _____

Statement of Evidence:
East Quarter Corner of Section 8, Township 122, Range 44, Big Stone County, Minnesota.

August 16-19, 1870 - The original government survey was completed by Walker, Allen & Putnam.

May 11, 1999 - Michael Nyberg (R.L.S. No. 13145) performed a survey in Section 8. His survey shows that he placed a 1/2" Iron Pipe with plastic cap at the corner.

August 24, 2004 - Michael Nyberg (R.L.S. No. 13145) performed a survey in Section 9. His survey shows that he found an iron pipe at the corner.

February 1, 2024 - O'Malley & Kron Land Surveyors, Inc. performed a survey in Section 9. A 1/2" Iron Pipe with an illegible plastic cap was found at the corner. The monument was in the same location as shown on the Nyberg surveys and is assumed to be the monument placed by Nyberg in 1999. The monument was accepted as the corner and new ties were made.
